SUMMARY

"Seeking an entry-level position in a growing company where my experience in web development and coding will help the company achieve its goals while also fostering my personal development."

EXPERIENCE

❖ Frontend developer | Codsoft

(Aug 2023 – Sep 2023)

- Completed a one-month virtual internship focused on web development, working on diverse projects including a landing page, calculator, portfolio site, and Spotify clone.
- Utilized HTML, CSS, JavaScript, and for front-end development.
- Demonstrated proficiency in version control systems, particularly Git, for code management and collaboration.
- Collaborated effectively within a remote team, ensuring project delivery aligned with specifications and quality standards

PROJECTS

❖ Melodify: Front-end Development Project

- Designed and built Melodify using React.js and HTML/CSS, focusing on responsive design. Integrated APIs for smooth music playback, demonstrating strong front-end development and API skills.
